HAPPY VALENTINE'S Day!!

We would invite any and all to come and discover the beautiful Lander Valley. It is an area that has much to offer to people of all ages.

First there are activities—skiing, both cross-country and downhill (in Jackson Hole), hiking, mountain climbing and repelling, horseback riding, walking, roller blading and for those who interests flow in other directions there is a large artist’s community. There is a diversity of people.

The main industry in Lander is NOLS, the National Outdoor Leadership School. Ranching and oil play a part in the area. We are hoping to see more clean energy coming into the valley—solar power and wind generated energy. There certainly is plenty of land for such development.

We are within a few hours of interesting tourist attractions in all directions. We are six hours or less from Denver, Salt Lake City, Billings, Mt. and Jackson Hole, WY. We are within a day’s drive of Mt. Rushmore and the Black Hills of South Dakota. There is an airport in Riverton that connects to

Denver. Lander has a small airport, mostly for private planes to land.

Wyoming is like a big community and the Lander Valley is central to the whole state. We have an excellent school system and there is plenty of room for growth. The Central Wyoming College has a satellite school in Lander.

For fliers and more information call or email: The Lander Chamber of Commerce.

Here are the four generations—my daughter Sarah on the right, granddaughter Kayla on the left and great granddaughter Autumn in my arms.

Beginning in January, 2017 St. Germain’s teachings will be “Practical Magik-101”. Each Teaching will give us greater insights into how magik is a natural part of life and as we include it in our daily affairs it gives a new strength, courage and clarity that brings an inside understanding for how our life can unfold.
LIVE THE MAGIK!!

New people are beginning to sign up for the 2017 Personal Growth. Don't miss giving this special gift to yourself. As the energy on the planet is accelerating things are becoming more challenging. The logical approach to life is failing. Nothing is as it appears to be. Yet just beyond the tips of your fingers there is a whole new world just waiting for you to open the inner eyes and move aside the veil of Illusion. St. Germain is waiting to be of assistance, to clarify the confusion and help you to connect with your own inner truth; a truth that is not opinion or based on conflict, but a deep, solid sense of who you are within. This recognition of self is what changes the world It is the magik and wonder of what you have been looking for.

St. Germain is continuing the "Personal Growth" package in 2017. This has proven to be one of the most popular offerings that St. Germain has given. People are excited about the changes in their lives and express joyful anticipation for the future. Changes on all levels are bringing a whole new lease on life as we evolve into New Humans.

This area is filled with sacred vortexes and is a wonderful place to feel the magik, both ancient and now. We invite you to join us in this amazing opportunity to remember the magik and rediscover yourself.

We invite you to join us in person. Call or email Molly for more information.

CDs and mp3s will be available.

Our February group is "Blending the Inner Male and Female". The Goddesses Isis, Artemes and Kwan Yin speak of the balancing that is being brought to light in

the current changes. Along with a multitude of other changes how men and women relate to one another is undergoing important and diverse change. The group will be on February 12 at 2 PM at our home.

CD's can be purchased on the website at [Click Here for 2017 Groups](#)

Our February Teaching is "Living Your Magik Now!!" Because the world wants to get ahead of everything there is a tendency to leave self for "new ideas and change". Magik operates where you are. It influences the future, but it cannot be made to work where you are not. You send out a spell to influence and precipitate change and it begins the process of shifting the time/space continuum from where you are forward, rather than from out there back to you. Any attempt to live life away from Now simply creates a feeling of being unsupported or alone. Magik constantly supports your being in the moment NOW. Living Now is Magikal.

The Teaching will be February 8 at 7 pm MT.

The Teaching is on the second Wednesday evening of each month at 7 pm MT.

The Q&A is at 7 pm on the fourth Wednesday of each month.

If you haven't had the experience of the Teachings that St. Germain is offering this year they really help us to understand what is going on. It just might be worth your while to check them out. The deep healing power of the Master is there to experience again and again as you listen to the awesome wisdom that he brings. CDs are \$15 for each set—Teachings or Q&A. It is \$15 to call in one time or \$30 for both sessions each month. Postage and handling are separate.

ASTROLOGY

LEO FULL MOON-LUNAR ECLIPSE-February 10

Since the Moon governs emotions the energy of a Lunar eclipse brings substance to how we feel about things as the Earth casts its shadow across Luna's light. The unconscious (Moon) and the conscious (Sun)

bring the power of this connection to the Earth at this time.

The Sun rules Leo and Leo's primary motivation is to seek recognition—we want to be the star of the show. The fire of Leo causes us to feel as though we are the king or queen of our realm, and the world revolves around us. Aquarius, however, is ruled by the transpersonal planet Uranus, therefore, this intellectual air sign is focused on the group mind/collective consciousness. The world's eclectic blending of personalities is required to focus on team work in order to ensure that the future of the planet unfolds and expands in new directions. We can continue to operate in old trite ways that have lost the juice of life or we can find unique ways of entertaining ideas that call for change and breaking from the staid traditions that no longer serve us. We are called to examine within us the feelings that show us what has served its purpose and now must be released.

Since this eclipse occurs in colorful Leo, we will be called to find where we have curbed out creative essence and taken the color and pizzazz out of our life, in order to fit in with those who still see life as black and white. This eclipse asks us to remember that we are co-creators with the Divine and as such we each have something unique and important to share. It is time to forgive stopping ourselves just short of giving the amazing gift that we have come to give. It isn't the size or the dazzle of the gift, nearly as much as that it comes for the heart and Soul.

Taking center stage is important in your own acknowledgement of yourself. It is to remember that this is your life and if you leave yourself out of it you feel the loss. However, putting yourself in the lime light of the world calls for careful consideration of just what you are revealing that you are not aware of. As Revelation is shining its light, everything is illuminated, not just the best, but all of the rest, as well. The old *magic* is about secrets and sleight of hand. Masters create with clarity, vision and truth so that all may benefit, not just a few. *Magik* is not about secrets, but about honesty, integrity and interdependence.

Leo is symbolized by the lion and we are encouraged to create in ways that we can feel proud of, rather attempting to say that we created something that belongs to another. Uranus tells us that our uniqueness is what makes us special. Saturn, as co-ruler of Aquarius, stabilizes us so that we recognize our competence to take the raw artistic talent of Leo to use as our own natural ability in the World. The

Moon trine Jupiter makes our productions spectacular.

Chiron in Pisces makes a Finger of God (quincunx 150 degrees) aspect to the eclipsed Moon in Leo and Jupiter in Libra. With wounded Chiron at the apex we, may be painfully aware that we can get booed off of the stage. Still, the yod pattern often points to those moments in time when fate seems to push us in a certain direction. This eclipse may put us on the spot, regardless of whether we feel prepared, but with Jupiter's resounding applause coming from cooperative Libra, this could be our shining moment!

PISCES NEW MOON-February 26

When the Sun and Moon cojoin in a sign, the Moon is new and it is a time of new beginnings. This New Moon is the last in a current series of eclipses in the sign of Pisces, therefore it indicates an ending as well as new beginnings. It is a time of releasing and forgiving old emotional patterns connected to defeatism, escapism and idealism and moving to higher levels of consciousness that embrace confidence, living Now and compassionate objectivity.

Pisces corresponds to the 12th house of the zodiac where the EGO is absorbed into the wholeness of the One, the interdependence of Mastery. The twelfth house marks the end of old cycles and the next step being taken to start something new, different and refreshing. Ruled by boundless, spiritual Neptune, in Pisces our imagination is unlimited, and now our intuition can serve us as the guide into the next faze of internal shift and change to bring out of the old order. We have been taught that what is out there is unexplainable, but now the magik brings us crystal clarity to see that the next plane of exploration is within. Seven planets and asteroids are now in Pisces (Sun, Moon, Chiron, Pallas and the South Node) this chart reads like an initiation into all that Revelation is truly about. As the eclipse progresses and the moon slowly eats away at the disc of the Sun, we are plunged into the depths of the collective consciousness. Reality, as we have been taught, begins to disintegrate and the things that we have counted on as real begin to unravel to reveal much more than we have been allowed to even consider. We can only surrender to the experience, own it and accept it as a blessing for renewal. The eclipse is conjunct Neptune, ruler of Pisces, which heightens our sensitivity. In the

darkness, we are compelled to “see without eyes” or look within to see what is going on “out there” more clearly. A wide conjunction with Mercury also means that we are receptive to subliminal messages from the higher realms that connect into our sacred place within.

Jupiter, co-ruler of Pisces, is opposite Uranus and square Pluto. Mars is also in a tight conjunction with Uranus, triggering the t-square pattern. This eclipse seems to awaken the things that we have feared because they are unknown. The elemental nature of Mars and Pluto show us that we have the courage to move to the edge of that unknown and take the next step into enlightenment.

This New Moon is a time of cleansing and clearing that allows us to find internal treasures within ourselves that we have been told didn't exist throughout the eons of Illusion that are now passing away. We are being supported to live our very best selves in these testing times of new growth.

A spell for the nation and the world in these changing times:

May Magik touch hearts and minds grown cold with things not Ancient, but only old.

May Love come to lighten and brighten the way to new discoveries every day. May doors long closed within each being open with a joy filled ring. May the blessing waiting from on high fill everyone, that by and by new vision blossoms to delight and inspire all that might become totally true and totally so that Masters on Earth can release their woe.

May we see beyond what looms in Illusion and forgive doubt and confusion. May hands and hearts across the Divide join to blend and to abide in a nation, a world that lives as one, under one Moon and sharing one Sun. May each soul feel free to what they desire to be in Love and peace and as my will so mote it be. Blessed be!

QUOTES FOR THE MONTH from St. Germain

You can have joy, happiness, empowerment and many wonderful feelings for a moment, but Love binds them so that they stay. --St. Germain

Listen to your heart. Connect with your spirit. Remember who you are from the deepest places within. Hear the inner voice of Love speaking true of all that matters. Come home to yourself and God/Goddess/All That Is waits for you there. --St. Germain

The mind and the heart grow impatient. When it is time everything becomes clear. Love will not see you deprived, but always adds a bit more than you have asked for. Wait. Wait and be open to more. --St. Germain

These are times that call for internal balance. Finding that strength that sustains throughout the “dark night of the soul” is a great inspiration. You are map makers and pathfinders. As you experience the power of finding who you are, you also become beacons so that others may discover within themselves that same wonder. You cannot give them the experience, but you can help to assure them that theirs is real.

ST. GERMAIN'S MESSAGE

Dearly Beloved Masters,

Many of you have been taught that God controls destiny and that, We the servants of spirit, can change things on earth to suit the choices of humanity. This teaching excludes Free Will, which is God's second greatest gift, Love being the first. It is time for each one of you to look within yourself and FEEL the truth in the depth of your being. When you FEEL the truth of Divine Love inside of you, the understanding that you are the creator and designer of the life that you are living is clear. What is happening on earth is a part of a Divine plan that is so much bigger than the human mind can comprehend. You have lived outside of yourself for life times and have come to believe that what you see outside is real. You have been warned away from the inner realms and subtle threats and suggestions have kept you at a distance from the amazing wealth that lies in the depths of your selfhood. The richness of your wisdom, the vast expanse of knowledge and creativity that you hold, the awesomeness of who you are have been the biggest part of the Secrets of the Ages. It is time to find that treasure trove that is your Divine inheritance and draw forth from the wellspring of your sacred self the value that can change the world that you live in. It isn't what is happening in the capitals of the world, it isn't about politics or religious principles, it is your own awareness of things that abide within you, that have gone unnoticed because it wasn't time—NOW IT IS!

Most everyone in the world is aware that the politics of Washington, D.C. are coming unraveled before the whole of the planet and suddenly there is a great and touching awareness springing up from the depths of power in each and every heart and Soul on the planet. The Book of Revelations speaks of the latter days and all of the confusion of words. So many people saying that what they say is what you must listen to and abide by. *Spirit is quietly calling from within for you to hear, in the silence of your inner temple the sweet, clear voice of peace and harmony rather than the clanging of brassy voices and trumpets of war in the world.*

Until you find Love within yourself, to tell you that it changes everything means little. For those who have moved through the snares of limitation and control and dared to feel what it is to share with others in a way that is open and free rather than limited by self-doubt and personal judgment, there is nothing like that connection—to self, to the Divine, to those that you care about, to all.

Looking for a moment beyond personal gain or prestige and feeling how the space around you begins to shimmer and glow, softly, almost imperceptibly. Feel the people that you see every day and take the

time to allow an energy connection that opens to exchanges for creativity, expression and expansion that weren't there before. Feel their hopes and dreams, not in detail, but in essence. Feel the excitement, the desire, the questioning, the hesitancy and recognize that no matter who they are their dreams are very similar to yours. Their interests are varied and the choices that they might make are colored by how, where and when they were raised, but all want to be heard. Some are demanding and some too shy to speak out. When you listen with your heart you can hear. The logical, practical mind says, "I don't have time to hear". Yet when the time is offered, even briefly, it can change lives—yours and theirs.

Fear has brought walls into being that deny closeness. A frightened heart will believe that a wall makes for safety, but it only makes for distance and less understanding. There are those who now wish to build walls, between nations, states and people for some perverse sense of power. The old motto of "DIVIDE AND CONQUER" can no longer stand. Revelation is shining its light everywhere and the secrets that have been used throughout time to control and manipulate humanity are being high-lighted in ways that never before were there. Many have come to believe that the technology of these times is there simply for their own use, to disrupt and divert attention so that they can cause more separation. In each heart on the planet there is breaking open a seed of Love, that has waited until this time to rise up and spread the desire for oneness, even in the coldest of hearts. People are feeling drawn to help one another in ways that, in the past, they might have believed were not possible. Some may not even understand why suddenly they are lead to act in ways that "don't make any sense", at least in the way they were taught. There is forgiveness where it could not have happened only a short time ago. There are so many who are feeling a desire to understand others in new and different ways that haven't been present in their realm of consciousness up to now. Many people are experiencing a courage to live what feels good to them rather than following rules of cruelty and abuse just because "that is the way it is". The Illusion has made hard, fast rules about who you can associate with in society and it takes great courage to step outside of the box and follow your heart instead of the rules. Yet with each step beyond the limits that have held people apart, there is another level of healing that strengthens your connection to the Divine within and moves you forward on your path of Soul expression.

You can live life as you have, looking down but not within or you can change you range of vision, look

within and suddenly see beyond to things you have been searching for outside of yourself, that just never seemed to show up in that life that may have been deemed self-contained, but has proved to be just separate and lonely.

Perversely, the Master Donald Trump is stirring shifts in the collective consciousness that are bringing people together rather than setting them apart. The reasons are as diverse as the people who have them, yet they are calling humans all over the Earth to recognize a mutual bond. Whether it is race, religion gender or any other personal rights to live a safe, harmonious and prosperous life, the collective of Souls on this planet are beginning to see that All truly are one. Walls now require to be brought down, not built. Separation is disintegrating and making the wealth, power and great promise of America unavailable to the world would be a sad demonstration of old, limited beliefs that cannot stand in the face of the dawning of the New Age. Aquarius embraces the totality of humanity in compassionate objectivity—none are rejected and none are denied, except by their own fearful diversity.

Each race was created to bring its own amazing aspects and elements to the Earth. There was never an intension by Spirit to make any race the best. That is a development of EGO in separation. May all ideas and perspectives be considered and potentially blended so that there is a gratifying sense of wholeness offered to all. There must always be taken into consideration, that not all are willing to reach into the depths of themselves and find the courage that is required to make the changes that are happening and will continue to happen. The past is finished and cannot be retrieved. The future is in the heart and Soul of each being on the planet—How Will You Create? NOW is where you are!! NOW is where you live!! NOW is the only safe place there is. Projecting fear into the future only designs a future full of more fear. **IT IS TIME TO LOOK WITHIN, BEYOND THE OLD DESTORSION OF THE PAST, AND RAISE YOUR VISION TO THAT OF HIGHER CONSCIOUSNESS THAN YOU HAVE DARED BEFORE.**

We support you in the changes. We hold you steady on your way, if you will allow. We desire with the burning desire of Love without any condition that you will move through the changes and overcome the potential temptation to look back. Go forth, take only that that will serve you NOW and do not look back. In Love, We serve you. I remain your most humble servant. I AM the Lord St. Germain
