

## June Newsletter

This picture "Happy June" is from Karen Singer who has High Voltage Nature.

Up until about two weeks ago I would have said that Microsoft was a reputable company, even though it kept wanting to download Windows 10 again and again. I kept refusing because I have heard nothing good about Windows 10. Then one afternoon while I was working on the news letter Windows 10 began to download and I could not stop it. When it finally finished downloading and asked if I would accept it, I said "NO". It took off Windows 10 and "restored" my computer. Then I began to have little glitches and then my spell check quit working. I did the things I knew to do and I am no computer wizard and finally I called Microsoft. Of course, I had to have a new version of Office to the tune of \$120.00 and it still isn't working.

I am offended that my computer was taken over by Microsoft and Windows 10 was forced on me against my wishes. Dorian's sister allowed Windows 10 to download on her laptop and her computer crashed. She had to buy a new computer. My daughter and her husband downloaded Windows 10 and none of their software would work. Donnie is a computer wizard.

I remember what a nightmare Vista was and how we were supposed to just grin and deal with it. If I want a

new computer I will buy one. If I want a new program on my computer I'll ask for it. I know that things are moving faster, but why can't we be presented with programs that have been tested and work rather than something that is reeking havoc and forcing people to spend money for Microsoft's mistakes. I will now get down off of my soapbox. Thanks for listening. Lol

Dorian's sister spent a week with us the last part of May. Our friend Linda Thomas came and did crystal layouts for all of us. What an amazing experience. Just above Linda's left shoulder is one of our latest acquisitions from Linda Lube.

Here is St. Germain channeling with Linda Lube's "Seek Joy in all Things" picture behind him. What a great thought and such a bright spot in our living room.

### Fall Intensive

Our Fall Intensive is "Embracing the Love and Magik of the New Earth". As the Love and the Magik of the Ancient Remembering is pouring into the energy of the planet we are required to forgive the fear that the Illusion has created that has made us doubt ourselves and the power of our abilities as Masters. The changes are opening doors to aspects of ourselves and our world that have long been closed away. The attempt to control power has caused us to forget so much that was given to us in the beginning. This is a call to embrace all that we are and begin the journey to living whole once more.

The Intensive will be November 12-13 here at our home. We invite you to join us in person. Call or email Molly for more information.

CDs and mp3s will be available.

[Click here for the November Intensive](#)

Our June group will be on the 12<sup>th</sup> 2:00PM. The topic is "Living in the Magik of Your Own Inner Space". As the Time/Space continuum is changing and the paradigms of the old order are passing, each person on the planet is being moved to find and connect with their own inner space. The Magik of the Ancients is returning and there are adjustments that, necessarily, would be made because as the Illusion deepened Magik was banned. The fear of Magik is as strong as the fear of personal power, yet if humanity is going to make the next step that Revelation is bringing, acceptance of both your own Magik and the power that belongs to you must be integrated in Love.

CD's can be purchased on the website at [Click Here for 2016 Groups](#)

Our Teaching with the Master for June is "Calling All Magikians". Own who you are. Feel the sense of empowerment that flows through you as you recognize the truth that is emerging, as the mists of the past are

breaking apart. We see you. We know who you are. We honor you in Love. Your very Beingness is precious. Feel it. **FEEL IT. FEEL IT!!** Feel your heart opening like a flower to the love light. Feel a deeper sense of yourself than you have known in life times. Love your Magik.

The Teaching is on the second Wednesday evening of each month at 7 pm MT. Call-ins would best call about 5 min before 7 pm in order to get into the room on time.

If you haven't had the experience of the Teachings that St. Germain is offering this year they really help us to understand what is going on. It just might be worth your while to check them out. The deep healing power of the Master is there to experience again and again as you listen to the awesome wisdom that he brings. CDs are \$15 for each set—Teachings or Q&A. It is \$25 to call in one time or \$40 for both sessions each month. Postage and handling are separate.

## ASTROLOGY

### NEW MOON-June 4-5

This New Moon in Gemini links into one of the most important alignments in 2016: a t-square between Jupiter in Virgo, Saturn in Sagittarius and Neptune in Pisces which remains within a 10 degree orb from February 27 to July 21. This brings us to a new level of unification and heart-centered consciousness.

A t-square involves three planets, two squares and one opposition. Squares mark vital turning-points; oppositions require the reconciliation of two polarized areas. The "empty leg" of the t-square, the sign opposite the apex planet that squares the opposition, offers essential keys for solving the conflicts and gaining the growth that is indicated in the t-square. This New Moon falls on that resolution point, generating a powerful grand cross and directing us to look at life from the innocence of a child. Forgive the adult mind that needs to right and allow an open and curious outlook so that we can perceive things as they really are, rather than through the filters of the EGO mind filled with assumptions, old beliefs and past experiences.

The apex planet Saturn calls us to own the authorship of our own lives and cease giving our power away to others. As we trust our inner truth we find that there is a new sense of Divine directive that exists within us that we have been led to mistrust in the Illusion. Our truth center exists between the heart chakra and the splenic chakra. Sagittarius, symbolized by the Archer aiming toward the heavens, representing our quest of purpose, the meaning of life and our role in the bigger picture of life's becoming. Saturn in Sagittarius summons us to embody our ideals, live in integrity and fulfill our destiny and divine truth.

Neptune, being the furthest distance from the Sun provides a wider perspective of how to synthesize the three different areas of life comprising the t-square. In Pisces, Neptune deepens its transmission of unconditional love—reminding us that all life is sacred and inclusive. We are both finite and eternal, particle and wave, in an endless sea of Soul essence. Neptune shows us how to channel our energies into the realization of our dreams with compassion and clarity. The negative aspects of Neptune are addiction and victimization. Neptune's influence is amplified by its approaching station retrograde on June 13. It will remain within 1 degree of its station at 12 degrees 02 minutes for more than four months ( April 12 to August 18), and also make its second square to Saturn on June 17. (The first square was on November 26, 2015 at 7 degrees, and the third square will be on September 10, 2016 at 10 degrees; they remain within 10 degrees of square until December 15.)

Jupiter was the ruler of Pisces before Neptune's discovery in 1846, and is still the ruler of Sagittarius, underscoring many of the cosmic influences of Saturn in Sagittarius and Neptune in Pisces—to shift from dogma and judgment into optimism and joy. In Virgo, Jupiter elevates us from old fears of not being worthy or good enough toward recognizing the universe's abundance and its wish for us to make a life, not just a living. This t-square is bringing a major new level of healing from the old wounds of separation to a grand new perspective of unlimited potential for everyone.

Other aspects connected to this New Moon, conspire to show us that no matter what the question, Love is always the answer. Venus closely conjuncts the Sun and Moon, and is only 7 degrees of arc from an exact square to Jupiter. The Sun and Venus remain within 2 degrees of each other until June 14, linking up precisely with the Jupiter-Saturn-Neptune t-square from June 1-4, then forming an exact Sun-Venus conjunction on June 6 (16degrees35minutes), squaring the transiting lunar nodal axis in Virgo-Pisces (exact on

June 7), and squaring the March 8 solar eclipse degree (19 degrees Pisces) on June 8-9. All of these aspects activate the opening of our mind and heart/soul centers to the truth of who we really are.

We are reminded that in the new energies we are lifted to much higher levels of consciousness and confidence. "It is not what life brings you that are nearly as important as what you create with what life brings you." -St Germain.

## FULL MOON-June 20

Once every two to three years two consecutive Full Moons occur in the same zodiacal polarity. May's Full Moon occurred at 1 degree 13 minutes Sagittarius-Gemini and June's Full Moon will be at 29 degrees 32 minutes of Sagittarius-Gemini. The reiteration of two Full Moons in the same sign is even more powerful than a Blue Moon where there are two Full Moons in the same month or four Full Moons in one season as defined by the Gregorian calendar rather than sacred geometry.

As the twelve signs in the zodiac define a universal cycle of development so do the 30 degrees within the sign. The early degrees relate to Aries and the beginning of a new cycle and the latter degrees are akin to Pisces and the finishing of lessons.

Gemini deals with our perceptions and Sagittarius with concepts and convictions. The positive Gemini remains open-minded, always aware that there is more to learn; always recognizing that listening is just as important as talking. The shadow side of Gemini has a lot of information, but little wisdom to appreciate the value of knowledge. Sagittarius, like the Archer, lifts our sights to place of higher understanding about personal purpose, tolerance and understanding. Those who tend to keep their eyes turned down often miss the rainbow and get caught in dogmatic displays, a lack of tolerance and an exaggerated sense of entitlement. This Full Moon in Sagittarius-Gemini makes us aware of where we are being true to our own sense of value and where we may still be seeking to accept our own deepest truths.

Mercury, Gemini's ruling planet, has moved in to fill the empty leg of the t-square of Jupiter in Virgo, Saturn in Sagittarius and Neptune in Pisces admonishing us to be continually aware of our thoughts and to question our assumptions rather than

presume that all that we hear is complete truth. Jupiter, Sagittarius ruling planet, is closely joining the North Node at 16 degrees Virgo and trines Pluto exactly on June 26 at 16 degrees 29 minutes Virgo-Capricorn which directs us to consider what is important and clear out the thoughts and concepts that no longer serve us. This requires discernment and dedication.

This Full Moon is potent and aspects that emphasize that are the Cancer solstice that occurs just twelve hours after the Full Moon. Solstices are energetic gateways for three days—before, during and after the solstice. The solstice brings a reduction of the magnetic field of the Earth, allowing a greater flux of cosmic radiation to penetrate our atmosphere and our psyche. On June 23 Uranus conjuncts Ceres at 23 degrees 58 minutes Aries, causing a new flow of energy to support the divine feminine and to honor Mother Earth. It also inspires a greater sense of the desire for freedom and global unity. On June 24 the Sun at 3 degrees Cancer squares the March 23 lunar eclipse, impelling us to take the next big step on our evolution. Chiron stations on June 27 at 25 degrees 15 minutes Pisces and moves retrograde until December 1, when it turns direct at 20 degrees 40 minutes Pisces, showing us the deeper connection of acceptance, forgiveness and compassion for self and others. On June 29, Mars station direct at 23 degrees Scorpio. We are now ready to respond to what we have learned since its station on April 17 at 9 degrees Scorpio.

We are being moved month by month, New moon and Full Moon to greater awareness of who we are and where we are going energetically, spiritually and cosmically. As we are lifted into higher realms of consciousness we find a bigger picture and a more clearly defined vision of where our desires, dreams and passions are guiding us. As the shadows of what "was" are passing the Truth is being revealed to us bit by bit. The logical mind wants it all now, but spirit is wise and never gives us more than we can bear. We can no longer go out ahead of ourselves and gain any valid understanding. NOW is the only safe place there is, in Love.

### QUOTES FOR THE MONTH from St. Germain

Worth is a value not an amount. You can neither increase nor decrease your worth; it is consistent. Forgive attempting to prove that you are worthy and begin to live your own personal value in the world. You do not require someone else's judgment that you are what you are—worthy.

You feel pain for the wounds of others, but you will not allow compassion for yourself. It is time to feel, to feel the Love that can heal and the peace that resides within you. Find the joy of remembering and celebrate that no one has to continue in the old patterns. Let go of trying to stop what you don't like and focus on allowing what you desire to unfold in Love.—St. Germain

The mysteries are being revealed. What was considered available to only a few is now there for all. The beautiful thing is that the mysteries were never difficult, but occult. The word occult simply means hidden and now all may see. The separation occulted the Love and Magik. The Revelation brings it all to the light for everyone.—St. Germain

Knowledge is what is known. Wisdom is what is understood. Knowledge without Wisdom is like bread without wine. The communion of life is incomplete. It is time for all to commune, communicate and unite in new understanding. —St. Germain

### ST. GERMAIN'S MESSAGE

Beloved Masters, the world is opening up into a vast vortex of opportunities. We the Masters, who have experienced Ascension and seek to help you remember who you are, are helping you to integrate the new information and recognize the power that has always been yours.

The planetary aspects are throwing open the excellence and wonder that exist within your reach. The Kingdom of Heaven is within. It never has been "out there somewhere". The heavenly aspects are drawing humanity into a grand sense of Oneness, acceptance and unification that has been blocked by the EGO mind for thousands of years. You have come to believe that you are small and it is much safer if you do not know just who you truly are. The smallness has been confining, but you have believed that the a false sense of security was worth the sacrifice of freedom and false the security has been. Now much of the world is turning to drugs of all types to keep the Illusion in place as the last vestiges of "false darkness" are passing away. The "false darkness" holds the fears of the unknown in place and causes humanity to avoid the amazing future that is waiting of all who will allow it.

Masters, this is not gifts from a fickle god who only loves a tiny part of creation. The Revelation is drawing back the cosmic curtain and what is being revealed is more than the mind of man can take in. Most important is your divine capability to bring the good, that you have thought belonged only to others, to yourself. You hold an innate ability to manifest what you desire, not through craft or guile, cruelty or ill gotten gains, but through trusting that each and every person on this ball deserves the very best and unlike the Illusion, God's design is for all to achieve wonderful outcomes. As you become so delighted at

your own ability to create and manifest good there will be less and less requirement for anyone to fall into the snares of theft, lying, cheating or any of the tools of deception in order to get what you think you do not have. Many have believed that manipulation is the “easy way” to obtain what would otherwise requires hard work. When you remember the Magik that is completely natural to you, you begin to realize how futile hard work has always been and what a distraction from the Mastery that is yours by divine right—your Divine Inheritance.

It is not and never has been that any person would sit idly by and do nothing because the very nature of creation is to further creation. It is not for a few to expect the many to be their servants. Service is a gift to be shared, not an obligation to be demanded. Nor is creativity enforced labor. Creation is inspired by the divine spark within called LOVE. The Illusion has taken so much of the inspiration of Love away from humanity that many people have simply lost the passion for using their gifts and talents well, which is a sacred art. eternity The idea of “sitting on a cloud, playing a harp” throughout creation seems boring because that is not the nature of humanity.

As you reconnect to the higher consciousness you will pass through levels of the Illusion that are passing away. You may actually see shadow beings that have been imprisoned in the false darkness. These are Souls that have been so repressed, depressed, restricted that their light has dimmed. As they are being released from the separation they are required to heal and regain the energy that belongs to them. They are not evil, they are confused and often stuck in beliefs of old paradigms—such as Love and Magik have been repressed and teachings have been made that Love is a weakness and Magik is evil—pure darkness. None of these concepts have ever been true, but they have proved most effective to prevent exploration into the spiritual realms beyond a certain point. The fact that punishment for looking beyond the limits has been quite common throughout time has discouraged much of humanity from seeking too far or too deeply.

It is time to remember, to feel into your thoughts, think/feel rather than just think. Connect with the essence of God within you and forgive believing that you must ask permission to be yourself. When we talk about being yourself, we are not talking about mindless reaction to what is going on out in the world or within you. The EGO is reeking havoc on the earth by causing a feeling that what ever anyone wants to do

they should just do it . Spirit suggests that you consider the outcomes of your actions *before you take them*, rather than act in haste and repent in liesure. **YOU ARE IMPORTANT! YOUR ACTIONS ARE IMPORTANT! THERE IS NOTHING THAT YOU DO THAT IS INSIGNIFICANT!! THE TIME OF INVISIBILITY IS PAST! REVELATION IS EXPOSING ALL FALSE AND INAPPROPRIATE SPEECH, ACTIVITIES AND THOUGHTS!!**

The time of “bread and circuses” is passing. There is so much more to life than escapism. Where will you go? Everywhere is here and all time is now! Life is not an empty shell filled with pain and sorrow. **YOU ARE DIVINE CREATIVE MASTERS! WHY WOULD YOU DEVOTE YOUR PRECIOUS ABILITIES TO CREATING LACK, LOSS AND SUFFERING WHEN THE WHOLE UNIVESRE IS WAITING FOR YOU TO RECOGNIZE YOUR WORTH AND PURPOSE? LIVING WELL IS A SACRED ART! YOU ARE ONLY BEGINNING TO REMEMBER HOW TO LIVE AT ALL. YOU HAVE SACRIFICED YOUR ESSENCE AND CONNECTION TO GOD TO PLAY IN THE ILLUSIONS. THE HOMECOMING ISN'T LEAVING YOURSELF AGAIN TO GO SOMEWHERE ELSE. IT IS FINDING AND BEING WITH YOU.**

When you fight you deny what you are attempting to achieve. The world has been indoctrinated to believe that the only way that you can get what you want is to fight for it which means that you just keep pushing what you are looking for away from you again and again. Allowing what you desire to come to you doesn't take too much time. It simply requires shifting your focus to accepting your goals rather than living in the disbelief that you can actually receive what you desire. *Remember that what you send out is what returns to you.*

*The Illusion has caused people to believe that they can use ill will and achieve a positive outcome. The desire to do harm to any will bring harm to the one who put forth the desire first and the return will be magnified.* THIS IS NOT A JUDGEMENT OR A PUNISHMENT, IT IS DIVINE LAW THAT APPLIES TO ALL.

***The ONLY PRICE ON GOOD IS THE REQUIREMENT THAT YOU ASK FOR EQUAL GOOD FOR EVERYONE!***

As we have said, the Illusion is passing, the shadows are being released as well as the Love and the Magik.

Some people can see the shadows and they believe that the shadows are evil. As you raise your frequency you begin to realize that what appeared to be shadows in lower vibrations looks bright and beautiful as you allow yourself to see clearly rather through the filters of separation.

The shifts of consciousness from the old order to the new becoming are creating apparent imbalances that are necessary to establish the new paradigms and bring new awareness. The fear of the darkness passes as the False darkness of separation breaks apart. You see with new eyes and you see beyond the limits that you were told are real. As you see really the inner darkness is illuminated and you see what has been hidden for so long. Life was never intended to be a marathon of pain and lack. Humanity has come to believe that what happens is put upon them from the outside. Recognizing that the inner thoughts and emotions contribute to the outcomes of events for each individual becomes a new point of understanding, why does life happen so differently for each person. How do you see your life? How would you desire it to be different? It isn't going to change by spending time resenting the lives of others. It will change when you are willing to begin to hold a new vision for how you live. Affirmations affirm—positive or negative they strengthen the results of what is empowered. Tell the world that life is bad, rehearse the sadness and woe of your life and you are affirming the negative aspects. Make conscious effort to begin to speak positively about your life and be amazed at how everything begins to change. It, more than likely, will not dramatically shift in a moment, but given tie positive affirmations begin to turn your life around. What you focus on is what you bring about—positive or negative. It is up to you to change the direction of your life. Make the effort and find that help and support flow toward positive energy. Like attracts like, no matter what. If you **TRY to be positive** more than likely nothing will change. As you seek to be positive you begin to recreate your own prayer field and inspiration beings to show up in your life. You make the effort to raise yourself up and there will be many hands and hearts to help. Anger, fear and reactive emotions simply push help away energetically. Gratitude and appreciation attract assistance. Then you are required to accept help. “Ask and you shall receive”, but are you willing to embrace the help when it comes or do you move into control mode and judge that no one else can do anything as well as you can, so that you fall back into the belief that you have to do everything **ALL BY YOURSELF**.

It is our most sincere desire to be of assistance to all. However, we are guided by divine law and we cannot break that law without bring karmic balance into play. We, the Masters, are supporting you the Masters to remember who you are in Love. We are with you always. In Love. I remain your most humble servant. I AM the Lord St. Germain. Adieu!
