November Newsletter

St. Germain's predictions for 2017 are in the Predictions Issue of the Sedona Journal of Light Technology which is out NOW!!

St. Germain will be offering a workshop on Ritual Magik May 24, 25, 26, 27, 2017. This workshop Witches, Magikians and Wand Carriers will be held here in the beautiful mountains of central, western Wyoming, not too far from Table Mountain, which is one of St. Germain's special places in the world. This area is filled with sacred vortexes and is a wonderful place to feel the magik, both ancient and now. We invite you to join us in this amazing opportunity to remember the magik and rediscover yourself.

Beginning in January 2017 St. Germain will be speaking about Personal Magik—what it is, how it improves your life and the truth about what the Magik really is. Each Teaching will move us further into a deeper recognition of who we truly are and how to

apply spiritual magik to our “every day” lives. **LIVE THE MAGIK!!**

St. Germain is continuing the “Personal Growth” package in 2017. This has proven to be one of the most popular offerings that St. Germain has given. People are excited about the changes in their lives and each month the reports of exciting changes and new perspectives, as well as, insights that are truly opening up a whole new way of living keep coming. I am delighted to be a part of these changes and am grateful for all the important shifts and changes that are occurring in my own life.

Fall Intensive

Don't forget our intensive “Embracing the Love and Magik of the New Earth”. It will be November 12-13 here at our home. We keep calling humanity to move through the chaos and calamity of Revelation and find the Sacred Space within. The Earth is changing and so are you. Will you find the Love and magik within and bring those elements to the New Earth? Respond to the call, in Love.

We invite you to join us in person. Call or email Molly for more information.

CDs and mp3s will be available shortly after the intensive so that you can enjoy the wonderful information that St. Germain is sharing.

We had a beautiful autumn this year. It lasted about six weeks.

Our November group is “Spell Work and Positive Intentions”. Many of you are now working with wands and delving into the Magik of spells. Wands help to focus your intentions and direct the energy to you wish to establish in your creation, but the more adept you become at maintaining your inner focus the easier it is to create and cast spells without the outer tools. It is always best to clear your mind of negativity and move into a positive energy space for the working of any kind of Magik, because negative intentions can activate the law of three-fold return. As with healing you want the best possible outcome when you create a spell.

The group will be on November 20 at 2 PM at our home.

CD's can be purchased on the website at [Click Here for 2016 Groups](#)

Our Teaching with the Master for November is “Sacred Alchemy: “The Words You Speak Carry Great Power”. There is much power in the words that anyone speaks. Over the last few months the political arena has been a hot bed of unpleasant words. Threats leave a toxic energy in the atmosphere where they are spoken. The words that you speak evoke energy that influences the lives of all involved and many that will enter the space afterward. You can enter a temple and feel the reverence of the words spoken there, even centuries. You can enter a room where an argument has been and even though you did not hear the fight the energy of the space is charged with the electrical power of anger. Not only what you say, but what you

are entertaining in your inner space, also carries great power.

The call-in for the Teaching is on the second Wednesday evening of each month at 7 pm MT.

If you haven't had the experience of the Teachings that St. Germain is offering this year they really help us to understand what is going on. It just might be worth your while to check them out. The deep healing power of the Master is there to experience again and again as you listen to the awesome wisdom that he brings. CDs are \$15 for each set—Teachings or Q&A. It is \$25 to call in one time or \$40 for both sessions each month. Postage and handling are separate.

ASTROLOGY

TAURUS FULL MOON-NOVEMBER 14

This Full Moon in Taurus-Scorpio offers a new goal of integration, rather polarization and opposition. More and greater opportunities for blending what has been considered totally separate. This Full Moon is also a SuperMoon, the third of four Full Moons in a row where the Moon is at perigee, its closest approach to the Earth, intensifying its tugs on tides, tectonic plates and our psyches as well.

The Sun is closely quincunx (150 degrees) Uranus, as well as dwarf planets Eris and Ceres in Aries. This prompts us to reconsider our perspective of the feminine and physical world. Both Scorpio and Aries are ruled by Mars, symbolizing the masculine, the natural quincunx between Aries and Scorpio necessitates progress from isolation and domination to connection and co-creation. Ceres, Uranus and Eris all function as gateways to greater realities. Ceres, a dwarf planet whose 4.6-year orbit lies between Mars and Jupiter, marks the transition from personal to social consciousness. Uranus, whose 84-year orbit is located between Saturn and Neptune, represents the entryway from physical to metaphysical dimensions, while Eris, whose elliptical path far beyond Pluto takes 557 years to circle the Sun, redefined the boundary of our solar system. Uranus and Ceres last conjoined on June 23rd at 24 degrees but, because of their retrograde passages, remain within 12 degrees of each other for nine months, from May 12, 2016 to February 14, 2017.

Uranus and Eris remain within 12 degrees of each other for six years, from mid-2013 to mid-2019, continuing to impel a new balance between the masculine and feminine, as well as a more spiritual view of reality.

Although Uranus formed its seventh and final exact square to Pluto in 2015, these planets remain within 12 degrees of orb until May 2019, exposing where radical changes still need to be made whenever another planet links up with them. Venus, the ruler of Taurus, conjuncts Pluto, the ruler of Scorpio, on November 25 and squares Uranus on November 29 (16-21 degrees Capricorn-Aries) helping us to clarify what matters most to us and what we require to change in order to reach our goals. More importantly, Jupiter will make three squares to Pluto (November 24, 2016 and March 30 and August 4, 2017 at 16-19 degrees Libra-Capricorn) and three oppositions to Uranus (December 26, 2016 and March 2 and September 27, 2017 at 21-27 degrees Libra-Aries). Also, Because of retrograde passages, Jupiter will remain within 10 degrees of a square to Pluto for nearly an entire year (from October 1, 2016 to September 25, 2017) and stays within 10 degrees of opposition to Uranus for nine months (November 3, 2016 to May 1, 2017 and from August 11 to November 6, 2017) again supporting major social, political and economic reform, as well as facilitating more freedom, equality and synergy in relationships.

Shortly after this Full Moon Neptune will join the south Lunar Node at 9 degrees of Pisces on November 17 which will bring expanded awareness of intuition, sensitivity, imagination and greater creativity in general. On November 18, Neptune stations direct and the conjoining with the south node urges us to release the shadow side of Pisces, which manifests as victim/martyr roles, codependency, escapism and addictions of all types. Neptune square Mars can distort the left brain calling for a blending with the right brain so that we can intuit where our path is leading us rather than attempting to move forward on logic alone.

The more that we discover our inner connections the wiser and clearer our choices become. There is an internal feeling that defines truth without the blurred lines of the finite mind. The more you trust the inner knowing with choices for love, peace, health, happiness and personal integrity the more powerfully you recognize who you truly are.

SAGITTARIUS NEW MOON-NOVEMBER 29

The new Moon acts like a reset button that allows us to return to our original soul settings. This New moon in Sagittarius has a number of factors that magnify the energy calling us to examine and release outmoded beliefs and discern our own internal direction for our progress, faith and personal truth.

The asteroid Juno cojoins the Sun and Moon within 12 Minutes of arc, spotlighting matters of partnership and power. Juno is the mythological Roman Goddess of marriage and consort of Jupiter; her legendary fights with the King of the gods reflect the struggle of the masculine and feminine to come into balance and interdependence. Juno reflects what we desire for a relationship and the things that we must resolve within us in order to have the harmony that brings a mutually beneficial and satisfying union. Juno's conjunction with this New Moon as well as Saturn and Mercury both in Sagittarius, spurs us to question our most fundamental assumptions about love, relationships and life. What were the teachings of our lineage and how have those messages influenced us both positively and negatively? How often do we follow the dictates of our programming rather than the wisdom of our heart?

Jupiter, the traditional ruler of Sagittarius, is in Libra, the sign most concerned with balance, equality and relationship; it is a part of a potent t-square with Pluto and Venus in Capricorn opposing Uranus, Ceres and Erin in Aries. Though in a separating square Uranus and Pluto are still only 5 degrees from an exact square inspiring radical changes both personally and collectively. Squares require a shift in perception, while oppositions call us to discover the golden middle for balance. This t-square impresses us with the necessity for taking full responsibility for our power and recognizing the consequences of our choices and actions. Where are we still giving away power those who do not deserve or respect the gift? What old convictions and attitudes are blocking us from experiencing peace and happiness in our lives? The empty leg of this t-square is Cancer, suggesting that the solution lies in the honoring of the divine feminine by getting in touch with our feelings, respecting ourself in each situation and remembering that no matter how we might choose to believe otherwise we are all one.

The New Moon squares the South Node and Neptune in Pisces, further directing our attention beyond the blindness of our conditioning to the spiritual truth that we are all equal, all divine and all connected. Sagittarius seeks the truth outside of the box of religious and political control. Pisces finds truth

in the heart/soul center, in the stillness within and in the intuitive connection with all of life. November 30 is a time when important insights can emerge as the Sun in Sagittarius squares Neptune and the point of the September 1 eclipse (9 degrees Virgo). How has your view of the world, of life changed over the last three months? On December 1 Chiron stations direct at 21 degrees Pisces and signals the resolution of a long-standing issue. If there seems to be no resolution, there can be clues to what still remains to be healed.

This New Moon requires that we be willing to stand naked before the world, clothed in the truth of who we really are. Opinions and judgments do not change us nor cause us to be less unless we choose to allow outside influences to override that which we know ourselves to be. We must now stand for the shining self that we have been created to be—beyond the ways of the world.

QUOTES FOR THE MONTH from St. Germain

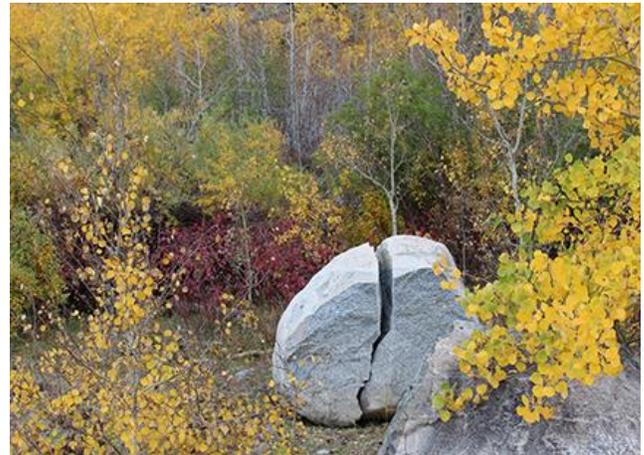

You are a map maker, but the map that you follow is not on parchment or paper for the eyes to see, but deep in the inner places of your soul where you find the path to fulfill your dreams NOW. See with the inner eyes and be amazed. —St. Germain

You are a Seer and you can recognize the visions that are about the becoming. Look within to find your vision and you will call those who are also seeking this vision. Welcome them in Love. —St. Germain

The changes are everywhere. There is nowhere to look that you will not find them. The choice is yours—will you fear the unknown or embrace it. Do not look back. You create your own future by what you choose to live. Own your sacred power. —St. Germain

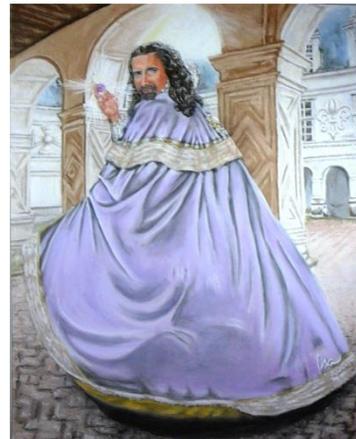

If you are looking for a place where everything stops moving and nothing changes, it has been called death. Life is ever moving and renewing itself with each moment. Because even the form of death is changing you are expanding beyond the limits that were once called existence, into the shining new

world of your own creation. Divine Creative Masters live life well. That is a sacred art.—St. Germain

Even in division we are required to look for unity.

ST. GERMAIN'S MESSAGE

Dearly Beloved Masters, in these times of intense conflict everywhere remember in all of your thoughts and affairs the three-fold law of return. Any thought, idea, judgment or desire for harm to anyone or anything returns to the sender multiplied. Each and every choice is a Masters choice no matter if you would call it a “good choice” or a “bad choice”, because they are your choices. As there is required a clear consideration of what you are creating in each moment you begin to recognize in your own energy the inner shift of perspective that allows you to look through new eyes and see where the world is going rather than continuing the old, tired view of what has been for so long, that is now passing away.

The United States election is upon you. This has been, without a doubt the most stressful campaign in recorded history. People all over the planet have become so involved in the events, conflicts and side-taking without a great deal of focus on how they have abandoned themselves for fixed opinions and judgments that are focused outside of themselves and the need to be right at all costs. Mental illness emerges when people completely divorce their own ethics, integrity and honor to support an ideal that has little or no foundation. **WHAT IS CHANGE, REALLY?**

There is a lot of talk about change and people want change, but each Master has his or her own idea of what that change will bring and no one really bothers to ask themselves, “What does this candidate mean when he or she talks of change?” One candidate carries a vision of things becoming more of what people can be and the other holds an intension to take things back to where they were years ago, when the illusion was still relatively in place. Do you really want to go backward? Stop and look at where the world is going and feel into how it might be to leave many wonderful changes that are bringing more opportunities to all for times when what is now revealed was secret? It wasn’t that things were actually better then, but that no one dared to look and see what was happening.

The intensity of “mud-slinging” has become the outer focus in this political race rather than any clarity or personal empowerment what so ever. No one can present themselves in the best light when they are constantly on the defensive. The devastation and scars of battle will, for many, be all that they will remember. “Get back” and “payback” become stumbling blocks for those blinded by the severity of battle. When the mouth is open, the ears are closed to the offers of assistance or the pleas for help of the people. **NO ONE, WE REPEAT, NO ONE CAN RULE THE WORLD AND MAKE THINGS WORK ALONE—NOT HITLER, NOT ISIS, NOT PUTIN OR TRUMP.** The time of dictatorship is passing as the world is waking up to realizations that as a collective humanity must make the changes that will make a better country or a better world from the inside of each person out. It isn’t about *stopping them*, it is about finding yourself and creating appropriately from your own sacred space the difference that can allow you to design a world where everyone belongs, no matter what.

Many things that are occurring are absolutely necessary in order for humanity to wake up and live beyond the cruelty and abuse that is taken for granted

by many now. No one, man or woman deserves to be belittled, intimidated into “staying in their place” or rejected because of secrets that may or may not even exist. “Money may talk”, but Dearly Beloved Masters what does it really say? Everyone is so afraid that others will not spend their money right and yet the clarity of personal choices gets overlooked in the race to make judgments against others. Taking sides and righteously presuming that there is only one right way to do things simply adds to the blindness that is delaying the changes that now must occur. **THERE IS NO ONE ON THIS BALL WHO IS PURE ENOUGH TO CAST THE FIRST STONE AND WE ASSURE YOU THAT IF THERE IS THAT LEVEL OF AWARENESS IN THE PERSON, THROWING STONES WOULD BE THE FURTHEST THOUGHT FROM THEIR MIND.**

Fear does not bring wise choices and the media is so involved in the chaos of ideas that here is another area where there must be change. Thinking and attempting to access which way to go when you are in crisis simply magnifies the doubt and widens the chasm so nothing seems safe. This radio or TV channel expresses one set of ideas, “facts” and figures and that channel expresses another. It isn’t about choosing sides for battle, but about getting still and quiet within and listening (feeling) the truth that exists within you which is guided by love, rather than hatred.

Each human being is being confronted with choices that have never been so big or important to where life on the planet will go. **THIS IS NOT THE END OF THE EARTH OR HER PEOPLE, BUT IT TRULY MUST BE THE END OF SEPARATION AND ALL OF THE PAINFUL WOUNDS THAT HAVE COME FROM LIVING IN THE BELIEF THAT YOU ARE ALONE AND LONELY WITHOUT ANY CARING OR CONSIDERATION FROM ANYONE (INCLUDING GOD).**

Dearly Beloved shift your focus away from *what they are doing out there* and feel into the depth of your own personal wisdom that abides within you. You do not have the divine right to force others to change and live as you choose and if you stop and consider you do not wish for others to force you to comply to their demands either. All over the world there are conflicts where one group is attempting to force others into the box of their ideas and beliefs. The Earth is reacting to the raging energies of division by physical upheaval of all kinds. Poor emotional ecology is the spewing forth of anger and hatred without any thought to the outcome of those actions. **PEOPLE, YOU HAVE HAD NO INSTUCTION, IN LIFE TIMES,**

ABOUT HOW POWERFUL YOU ARE IN YOUR ABILITY TO CREATE WHATEVER YOU FOCUS UPON. UNBRIDALED FEAR IS AS POWERFUL AS AN EARTHQUAKE OR HURRICANE. THE INTENSITY OF WAR CREATES A CAULDRON OF VOLCANIC ACTIVITY. THE TEARS THAT YOU HAVE REFUSED TO SHED BECAUSE YOU WERE TAUGHT THAT THEY ARE WEAK ARE POURING OUT ALL OVER THE PLANET AS FLOODS OF UNIMAGINABLE MAGNITUDE WHILE OTHER AREAS ARE COMPLETELY DEVOID OF WATER. YOU CANNOT MAKE UP YOUR MIND AND THE EARTH FREEZES IN MANY PLACES AND BURNS IN OTHERS, AS THE INTENSITY OF EMOTIONS UNCHECKED WHIRLS INTO INSANITY. **THIS IS NOT GOD'S JUDGMENT THAT IS HAPPENING, BUT THE REVELATION OF JUST WHAT AN IMPACT YOUR OWN JUDGMENTS HAVE! GOD HAS NO DESIRE TO DESTROY THE PRECIOUS CREATION—DO YOU?**

If you do not care what is happening or if you willfully intend to do harm in the name of salvation what is the outcome of these extremes? Please, consider the outcome of your actions **BEFORE** you take them. Even if you sit in your own home and think about what is going on you are adding to all that is happening. Your thoughts are not a secret they impact everything that is happening, You are a Master and every choice you make is a Master's choice, even if you try to explain that you didn't tell anyone or say anything **THOUGHTS ARE THINGS!!** What are you creating "mindlessly"? You are far too powerful not to pay attention to your creations!!

IF YOU CHOSE TO VOTE YOU EXPRESS YOUR DESIRES! IF YOU DO NOT VOTE YOU ARE STILL EXPRESSING REACTIONS! EVEN APATHY HAS A DEFINITE EFFECT ON EVERYTHING! NEVER FALL INTO THE TRAP OF BELIEVING THAT WHAT YOU THINK OR FEEL IS UNIMPORTANT, JUST BE MINDFUL OF THE ENERGY WITH WHICH YOU EXPRESS YOUR TRUTH!

So, Beloved Masters, We stand with you in these times awaiting what will come and truly even we cannot see the outcome or where you will take it because as the illusion passes your choices have more influence than ever. I remain your most humble servant. **I AM** the Lord St. Germain.
