

March Newsletter

Spring is almost upon us. The Spring Equinox is on March 21 when the Sun enters Aries.

Would you believe that DST starts on March 9th this year? It seems as though the time change gets earlier each year. My own personal thoughts would be to leave it alone. Children have always had to go to school in the dark or come home in the dark in winter, so it doesn't really matter whether it's dark in the morning or at night for school kids. It is just one more point of unbalanced energy to keep us on our toes. LOL

The snow is melting and each day we see more on more of our driveway. It is still several inches deep out on the land but it certainly feels like spring.

You would never know that there is a housing depression. New houses and businesses are springing up all over town. When I moved to Lander there was nothing much between town and where I now live. In the last seven years well over one hundred homes have been built on Baldwin Creek Rd alone.

COURSE IN MIRACLES

I received this letter and wish to comment. I feel that everyone on the planet is being called to make huge shifts and this requires big changes in our lives.

Friends and family, right now it is critical to know your Bible and to know what is to come. Seems like things are progressing toward the false prophets each and every day. Fortunately after receiving this email it was IMMEDIATELY followed by one of the rapture experience. Oprah should be banned from tv in my mind. She is using her celebrity to control people and their thinking.

I believe God will deal with her in His own way and I don't envy her.

(I was able to verify this, by checking out Williamson on Google. The link I chose was hers and it stated she'd be on Oprah's radio show daily. Oprah has long been a fan of hers and of other New Age prophets.)

Subject: Oprah joins false prophets Bible warned about.

Jesus Christ is being reinvented, redefined, and blasphemed and, this false New- Age Christ teaching is about to make huge inroads into the world, with the help of the queen of television talk shows, Oprah Winfrey.

Oprah Winfrey, beginning January 1, 2008, on her daily radio program will offer a year-long course on the New Age Christ, in a lesson a day and completely cover the 365 lessons from the Course in Miracles "Workbook."

Listeners will be encouraged to buy A Course in Miracles for the year-long course, and an audio version, recited by Richard (John Boy Walton) Thomas will be available on compact disc.

Those who finish the Course will have a wholly redefined spiritual mindset-a New Age worldview that includes the beliefs that there is no sin, no evil, no devil. A Course in Miracles teaches its students to rethink everything they believe about God and life, and, bluntly states: "This is a course in mind training" and is dedicated to "thought reversal."

The Course in Miracles -in reality-is the truth of the Bible turned upside down.

Oprah told her television audience that Marianne Williamson's book, A Course in Miracles was one of her favorite books, and that she had already bought a thousand copies and would be handing them out to everyone in her studio audience. Oprah's endorsement skyrocketed Williamson's book to the top of the New York Times bestseller list.

A Course in Miracles is allegedly a "new revelation" from "Jesus" to help humanity work through these troubled times. This "Jesus"-who bears no doctrinal resemblance to the Bible's Jesus Christ-began delivering channeled teachings in 1965 to a Columbia University Professor of Medical Psychology, Helen Schucman.

One day Schucman heard an "inner voice" stating, "This is a course in miracles. Please take notes." For seven years she diligently took spiritual dictation from this voice that described himself as "Jesus."

Here are some quotes from the "Jesus" voice of A Course in Miracles :

"There is no sin . . . "

A "slain Christ has no meaning."

"The journey to the cross should be the last 'useless journey."

"Do not make the pathetic error of clinging to

the old rugged cross."

"The Name of Jesus Christ as such is but a symbol... It is a symbol that is safely used as a replacement for the many names of all the gods to which you pray."

"The recognition of God is the recognition of yourself."

"The Atonement is the final lesson he [man] need learn, for it teaches him that, never having sinned, he has no need of salvation."

Popular author Wayne Dyer told his PBS television audience that the "brilliant writing" of A Course in Miracles would produce more peace in the world.

The Course in Miracles-based book, Forgiveness, continues to be sold in Robert Schuller's Crystal Cathedral bookstore as Schuller prepares to host a January 17-19, 2008, "Rethink Conference" at his Crystal Cathedral.

2 Timothy 3 (King James Version)
King James Version (KJV)
2 Timothy 3

This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good, traitors, heady, high-minded, lovers of pleasures more than lovers of God; having a form of godliness, but denying the power thereof: from such turn away.

(If we really do love ourselves we would not dream of conducting our lives or affairs in the manner described)

It's not surprising at all that Oprah Winfrey is supporting Barak Obama!!!

Christians.....Take heed!!

There are a number of scriptural references in this letter that are supposed to prove that certain people are better than others or more appropriate before God. The fact that we were all created in unconditional love leaves no room for some of us to be superior to others. I guess there are as many versions of God as there are people who have perspectives of God. Jesus, Buddha and the great Masters have always taught that love is the blending that brings us all together. I feel that as we allow ourselves to move into the much higher vibrations of love we drop off the judgments of rank, segregated specialness and superiority that has made this game of separation work so well. I am not so sure that the old beliefs about love being exclusive to one group, race or religion apply any more or can even function as we are remembering who we truly are.

I feel that the desire to use God as a weapon against another ("God will deal with her in His own way and I don't envy her") is also part of the old order that is going over the edge of the cliff. It is the parental God that one sibling uses against another to control them.

When we show up for real and have the experience of love rather than just the knowledge of it we will not accuse or point fingers at each other, but celebrate the diversity of all the different ideas, cultures and points of view on the planet. The mind has needed a line of demarcation to assure its safety. We have created rules, rules and more rules and then snickered and endeavored to see how we could break the rules, bend the rules or be special enough not to be limited by them without necessarily taking full responsibility for our choices. I had a client who told St. Germain that he was responsible for our evolution and the evolution of others, not us.

In love we are above the laws of man. We function according to the laws of higher Love. No one truly is more special than another. It is our own measure of who we are that allows us to feel our uniqueness that isn't superior, but sacred.

Oprah is out there doing her best to show the world that there is a different way, another choice, as the humanitarian Aquarian that she is. We just

might soon have two black leaders, one in the white house and the other on international television.

I appreciate the fact that Oprah is willing to stand before the world and say, "This is what I believe". I desire to follow that example with the same courage, clarity and compassion, to live what I am discovering myself to be without asking anyone, "Do you mind if I am myself?" I say, "Oprah, you go girl! Yea!!"

HONEY AND CINNAMON BENEFITS

I found this information on honey and cinnamon most interesting. I have known about the healing properties of honey for years, as I used to use it when my children were young. It helped with colds, flu, infections (it can be applied to cuts as long as they are not large, open wounds) and sore throat.

Facts on honey and cinnamon: It is found that a mixture of honey and cinnamon cures most diseases. Honey is produced in most of the countries of the world. Scientists of today also accept honey as a "Ram Ban" (very effective) medicine for all kinds of diseases. Honey can be used without any side effects for any kind of diseases.

Today's science says that even though honey is sweet, if taken in the right dosage as a medicine, it does not harm diabetic patients. Weekly World News, a magazine in Canada, in its issue dated 17 January, 1995 has given the following list of diseases that can be cured by honey and cinnamon as researched by western scientists:

HEART DISEASES:

Make a paste of honey and cinnamon powder, apply on bread, instead of jelly and jam, and eat it regularly for breakfast. It reduces the cholesterol in the arteries and saves the patient from heart attack. Also those who have already had an attack, if they do this process daily, they are kept miles away from the next attack. Regular use of the above process relieves loss of breath and

strengthens the heart beat. In America and Canada, various nursing homes have treated patients successfully and have found that as you age, the arteries and veins lose their flexibility and get clogged; honey and cinnamon [revitalize the arteries and veins](#).

ARTHRITIS:

Arthritis patients may take daily, morning, and night, one cup of hot water with two spoons of [honey](#) and one [small teaspoon of cinnamon powder](#). If taken regularly even chronic arthritis can be cured. In a recent research conducted at the Copenhagen University, it was found that when the doctors treated their patients with a mixture of one tablespoon Honey and half teaspoon Cinnamon powder before breakfast, they found that within a week, out of the 200 people so treated, practically 73 patients were totally relieved of pain, and within a month, mostly all the patients who could not walk or move around because of arthritis started walking without pain.

BLADDER INFECTIONS:

Take two tablespoons of cinnamon powder and one teaspoon of honey in a glass of lukewarm water and drink it. It destroys the germs in the bladder.

TOOTHACHE:

Make a paste of one teaspoon of cinnamon powder and five teaspoons of honey and apply on the aching tooth. This may be applied three times a day until the tooth stops aching.

CHOLESTEROL:

[Two tablespoons of honey and three teaspoons of Cinnamon Powder](#) mixed in 16 ounces of tea water, given to a cholesterol patient and was found to reduce the level of cholesterol in the blood by 10 percent within two hours. As mentioned for arthritic patients, if taken three times a day, any chronic cholesterol is cured. According to information received in the said journal, pure honey taken with food daily relieves complaints of cholesterol.

COLDS:

Those suffering from common or severe colds

should take one tablespoon lukewarm honey with 1/4 spoon cinnamon powder daily for three days. This process will cure most chronic cough, cold, and clear the sinuses.

UPSET STOMACH:

Honey taken with cinnamon powder cures stomach ache and also clears stomach ulcers from the root.

GAS:

According to the studies done in India and Japan, it is revealed that if honey is taken with cinnamon powder the stomach is relieved of gas.

IMMUNE SYSTEM:

Daily use of honey and cinnamon powder strengthens the immune system and protects the body from bacteria and viral attacks. Scientists have found that honey has various vitamins and iron in large amounts. Constant use of honey strengthens the white blood corpuscles to fight bacteria and viral diseases.

INDIGESTION:

Cinnamon powder sprinkled on two tablespoons of honey taken before food relieves acidity and digests the heaviest of meals.

INFLUENZA:

A scientist in Spain has proved that honey contains a natural Ingredient which kills the influenza germs and saves the patient from flu.

LONGEVITY:

Tea made with honey and cinnamon powder, when taken regularly, arrests the ravages of old age. Take four spoons of honey, one spoon of cinnamon powder and three cups of water and boil to make like tea. Drink 1/4 cup, three to four times a day. It keeps the skin fresh and soft and arrests old age. Life spans also increases and even a 100 year old, starts performing the chores of a 20-year-old.

WEIGHT LOSS:

Daily in the morning one half hour before breakfast on an empty stomach and at night before sleeping, drink honey and cinnamon

powder boiled in one cup of water. If taken regularly, it reduces the weight of even the most obese person. Also, drinking this mixture regularly does not allow the fat to accumulate in the body even though the person may eat a high calorie diet.

CANCER:

Recent research in Japan and Australia has revealed that advanced cancer of the stomach and bones have been cured successfully. Patients suffering from these kinds of cancer should daily take one tablespoon of honey with one teaspoon of cinnamon powder for one month three times a day.

FATIGUE:

Recent studies have shown that the sugar content of honey is more helpful rather than sugar, which can be detrimental to the strength of the body. Senior citizens, who take honey and cinnamon powder in equal parts, are more alert and flexible. Dr. Milton, who has done research, says that a half tablespoon of honey taken in a glass of water and sprinkled with cinnamon powder, taken daily after brushing and in the afternoon at about 3:00 P.M. when the vitality of the body starts to decrease, increases the vitality of the body within a week.

SPRING INTENSIVES - LANDER AND SAN DIEGO

We are planning to do our spring intensive in Lander, Wyoming on April 26-27 and in San Diego, CA on June 7-8. "Practical Magik: A Blending of Earth and the Wonder Realms" takes us to the place we remember as safe. When we were children we believed in fairies and saw into the Wonder Realms. As life's demands encroached and the fear of those who had forgotten the Magik closed the door; we lost much of our faith in the Wonder. St. Germain takes us to those places where the edges of the mundane and the Magikal touch. He shows us how we can remember the delight of belonging. The magik never died or went away. We just closed our minds and our eyes because we didn't understand. Come, awaken, remember—the love, the mystery, the BELONGING!

The Lander intensive will be \$250 for the two day workshop. Lander's deadline will be April 5th. After that the cost will be \$300.

San Diego will be \$350. After May 17th the cost will be \$400. Check our web-site for place. We are still negotiating, but I believe that the event will be held in Oceanside, CA.

ASTROLOGICAL REPORT

NEW MOON

The March New Moon on the 7th takes the energy of last months Full Moon Eclipse, Pisces/Virgo and laser beams it on what you now desire to create. The Full Moon Eclipse of February focused on judgment and forgiveness. This Pisces New Moon can make you energetically uncomfortable if you just said you forgave, but really didn't. These times will not find giving the "right answer" to be totally acceptable. The facades and illusions of the past would allow people to say what was expected of them or say the politically correct thing and everyone thought is was just fine. We now have to deal with emotions and feelings and the masks of old appearances are falling by the wayside. The

New Moon always brings opportunities for enlightenment, but the accelerated frequency of these times is bringing us more knowledge which is light (enlightenment).

Uranus is closely conjunct this New Moon, opening gateways to higher dimensions. The Master St. Germain says that we are moving toward a future that has no reference to any past we have known. These doors to new existence take us to places that are beyond what the rational mind can comprehend. Logic thinks in a box. These dimensions function way outside the box. Uranus is a planet of revolution and rebellion against the old ways. It questions authority and now it is questioning what we have called reality which is about illusions. Uranus is currently in Pisces, which is ruled by Neptune and Neptune in Aquarius, which is ruled by Uranus. This is called a Mutual Reception. The energies of non-worldly things are becoming more reachable, accessible and understandable to us mortals. We are being led to reach beyond the veil of our disbelief and experience the all-ness of the Master creators that we are. You really do create your own reality, whether you choose to accept it or not. We may question, but in the process we must develop discernment

At this New Moon Neptune is conjunct Venus in Aquarius. This brings an aspect of compassionate objectivity to the essence of higher consciousness by focusing on the Heart and Crown chakras.

Mars opposes Pluto just before the new Moon culminates. Pluto is the higher octave of Mars the warrior. Mars is personal desire; Pluto is divine intent. This is a powerful of examining our intentions and getting clear what our highest dreams and potentials are.

We are being called to express our greatest and best gifts. For so long both adults and children have talked about giving and what we will do for others. Now we must show up, give the gift and be the best that we can be.

You are beautiful, magnificent children of light. The corruption and conflict that you see are illusions. They are the death throes of an old order that has run its course and now must exit

the stage. It has become accustomed to being center stage and does not want to relinquish the spotlight. Yet you are now the light, not just standing in it, but you are the light. There is no necessity to grapple for stardom, for you are a star in its truest sense. The world belongs to you and so do the stars, the Moon and all creation. From the highest light to the deepest depth within you know with a clear, true knowing that you are loved.

FULL MOON

The Pisces New Moon called us to reach for the stars and aspire to our greatest dreams.

This powerful Libra Full Moon pushes us to address the blocks we have held in place to prevent us from achieving those aspirations.

This Full Moon comes just two days before Easter. This celebration of spring and new beginnings is for our own true potential this year. The days are growing longer and there is more light with each new day. We are like the Fool in the Tarot. We must follow the unknown and step into our new becoming on absolute Faith.

This Aries/Libra (I/We) Full Moon brings us to face our angers, aggressions and power, as well as, our commitment, compassion and cooperation. What we desire and how we obtain it must change. The last opposition of Mars, God of War and Pluto, God of the Underworld potentially put us in touch with the futility of making war to get what we want. If we fight to get it, we must fight to keep it and in that we never have a minute's peace to enjoy what we believe we could not live without.

This waning opposition of Pluto and Mars squares the Sun and Moon. A Grand square is two oppositions crossing, Oppositions call for balance. We are all learning to keep our inner, spiritual, mental/emotional balance in these times when most everything outside of us seems to be out of balance. Squares mark points of change, turning a corner, going in a new direction.

Squares bring tension, but they also motivate us to keep moving when we might just give up and quit. The Grand Cross suggests that there are four different points in our lives that require attention and mending. What in your life is complete? You have felt the ending within yourself, but you just could not let go. Now you absolutely have to let go. When you love enough to let go, that which is yours always comes back to you.

This Grand square occurs between 2 degrees and 6 degrees of the cardinal signs—Aries, Cancer, Libra and Capricorn the energy of this Full Moon is focused. Where these signs are in your personal chart and any planets that are there will tell the story of where things are going for you in the next few months.

Many people have been putting off important decisions. Now we are at a crossroad and we cannot continue to ride with a foot in two chariots. Choices must be made, not from logic, but from the wisdom of our spirit. The new awaits us like a gift.

ELECTROMAGNETIC POLLUTION

You Are At Risk And You May Not Even Know It.

In 1879 when Thomas Edison switched on the first light bulb, that one flick forever changed our lives and the world we live in. The Age of Electricity was born! However, even the genius of Edison could never have foreseen the global health challenges created by his discovery.

Power lines, transmitters, electrical wiring and appliances create electric and magnetic fields, invisible lines of force that surround all electrical devices. We are now living in an era of electrical energy waves known as Electromagnetic Frequency (EMF), which is estimated to be 100 million times greater than that of a hundred years ago.

What you can't see can still hurt you! There is a growing body of scientific research that acknowledges that presently the greatest threat to

our health and well-being is an insidious, all-pervasive, and invisible form of pollution called Electro-pollution. Compounding the problem is the explosion of wireless technology such as cell phones, Bluetooth, PDAs, Wireless Internet, WiFi and powerful microwave towers that are required for transmission. Never before have we as a human race been exposed to such an enormous amount of Electromagnetic Radiation. Our body is now being thrown into turmoil by an entirely unnatural level of electrical activity, seriously compromising our/it's ability to properly function.

Well-known and respected experts are more concerned than ever that our growing use of these kinds of devices, especially by children, is putting our health and wellness at great risk! Exposure to radio frequencies emitted from cell phones and the Wireless Internet have taken front and center stage as causing serious physiological damage to our cells.

According to Sherrill Sellman, ND electro-pollution induced biological stress, profoundly compromises normal physiology and intercellular communication. The 100 trillion cells of the human body communicate with each other by subtle low electromagnetic signals as well as through biochemical reactions. Continuous exposure to electromagnetic radiation (EMR) can drastically distort and disrupt these cellular communications pathways resulting in abnormal cellular metabolism and ultimately, disease.

Cell phones and your cell membranes: Science has discovered that the problem with cell phones comes from the information piggybacking on the radio frequencies emitted and received from the antenna. This is called an information carrying radio wave (ICRW). This ICRW is perceived as a dangerous and foreign invader.

Our cells interpret the ICRW as an unknown, threatening energy; instantaneously the cell will go into a protective lock down mode. This means that the nutrients cannot get into our cells and the toxins and waste products cannot get out. At this point vital cell-to-cell communications is lost!

This effect is immediate and lasts as long as the person is exposed to the ICRWs. The longer this condition persists the more physiological damage occurs resulting in free radical damage, genetic mutation, loss of cellular energy, premature aging and ultimately degenerative diseases. Some of the biological problems specifically include disruption to the blood brain barrier, genetic damage, and increase in cancer risks. There have been studies that have found that near field radiation also contributes to DNA damage. Many health issues have been linked to EMF's including various cancers (especially brain, eye, ear and leukemia,) miscarriages, birth defects, chronic fatigue, headaches, chronic stress, nausea, heart problems, autism, learning disabilities and insomnia.

Although the Wireless Industry and some governmental agencies continue to assure the public of the safety of cell phones (which is reminiscent of the tobacco industry), the truth is that Cell phones are anything but safe and harmless.

It's more than our cell phones, it is now virtually impossible for us to escape being exposed to ICRW with more than 37 million locations that are presently connected to the Wireless Internet and this number is growing every day. What does this mean to you? It means that the proliferation of Wireless Technology is exposing you and your children to dangerous radiation that is instantaneously damages your cells. Check out <http://www.antennasearch.com/> to find out just how many cell towers and antenna are in near your home.

Dr. George Carlo, one of the world's leading experts on Electro-pollution has a profound insight into the unprecedented public health disaster related to an ever-increasing Wireless world. "Scientific studies continue to accumulate showing that information carrying radio waves from mobile phones and other wireless devices, now used by more than 2 billion people worldwide, are dangerous. Emerging science shows

links to conditions ranging from learning and spectrum disorders to cancer. If unabated, the brunt of the disease burden will continue to be borne by our children and grandchildren."

There are solutions and one of them is BioPro. The research stems from Chernobyl, where one camp survived the radiation poisoning. There are healing springs at that camp and the properties of that water have been mimicked and the patent process has been licensed by BioPro. The products they have are 3 levels - 1- direct protection for the device (cell phones, pda's, Ipods, TVs, microwave ovens, etc). 2 - General environment - with a pendant that keeps your body strong and protected from the electro pollution and a home harmonizer that protects you from the wiring in your home. 3 - iWater system - that contains the properties of the healing springs and helps the cells speak with each other by and removing the toxins in the body. CRYSTAL CORNER

Hi, everyone! The time is flying and boy, are the energies changing! We are entering a time of great transformation and coming face to face with who we really are. I have some awesome stones that will help to bring about that transformation a little more easily and quickly. As if we're in a hurry!!!

In order to make room for new things coming in, we first must clear out some of the old beliefs we have held.

Moss Agate is a stone that will do just that. This is a translator of energies. It has a grounding property and yet it is also about severing the ties of bondage to issues and concepts that no longer fit in this place. It is unveiling or creating a sense of freedom in areas that have long been limited, blocked or hidden. As the liberation occurs, the entity is held in the body. It would keep the mind

and the etheric energy grounded in the body for the presence of life.

Bustamite has to do with the energies of ascendancy. It is a birthing force of new understanding of self and the assistance of aligning the will in love. It is very subtly, in its ongoing, a stone that would assist those who will be drawn to it to move into greater energetic allowing of ascension. The planet is ascending, her people are ascending. This stone helps those who are attuned, those who will seek it, to reach more comfortable levels more quickly, even though speed is not a necessity in holiness.

The nature of death is changing as are all things. It truly was a big piece of the game of separation. When death becomes transformation rather than transition, then it is an enlightenment of how to lift all aspects of self into higher frequencies. This is very important. The Chrysanthemum Stone will assist in shifting the consciousness from the terror of death to the passion for ascension. It is very feminine and very gentle. It is power that is allowed to flow rather than power over that must be controlled. It allows a very gentle shift in consciousness from, "What if I should die, what would happen?" to "I am now willing to allow myself to spiritually accelerate."

As we go through the shifts in energy, it is important to remember to have fun and be in joy on the journey. Atacamite dispenses joy in a magnified way. Joy vibrates in the cellular structure of the physical body and so, as this would be meditated upon or worn upon the body, it would bring into the physical affair, into the daily life a greater sense of joy, delight with being and a greater sense of well-being.

All these stones are on my website at www.eternal-ice.com along with pictures of them. Feel free to call me with any questions or suggestions at 800-757-8478 or 307-754-4396. Until next month, enjoy the journey!
